SCHOOL OF ENGINEERING

S.P.I.C.E. CAMP

► Program Overview

S.P.I.C.E. Camp is a week long commuter program for young women *who will be entering the 9th and 10th grade next fall* and would like to learn more about engineering. Students are introduced to the world of engineering through projects, tours, and guest speakers. Each activity is intended to highlight the relevance of engineering in our daily life and how engineering can work to improve societal problems. All activities will be supervised by current engineering students and conducted in a safe learning environment at the University of Maryland, College Park.
